Dear Parents,

As we continue working together to support our scholars' learning and success, I would like to share a few important reminders:

1. Toys at School

As explained during Open House, scholars are not permitted to bring toys to school. Any toys brought to school will be confiscated and returned at the end of the school year. Thank you for helping us reinforce this expectation.

2. Pencil Pouch and Classroom Supplies

Please make sure your scholar brings their pencil pouch to school daily. If a scholar runs out of pencils, the teacher will replenish the pencil pouch as needed.

Lately, we have noticed that some scholars frequently request classroom pencils, only for those pencils to later be found on the floor, inside desks, or broken. We want to encourage our scholars to take responsibility for their belongings and understand the value of the materials and resources provided to them.

Additionally, repeatedly sharing and using classroom pencils increases the potential spread of germs. Having and using their own supplies helps promote better hygiene and responsibility.

3. Headphones – STAR PM2 Preparation

We are getting closer to the STAR PM2 assessment. In preparation, scholars are practicing using their iPads in the classroom to become familiar and comfortable with the testing process.

Please make sure your scholar brings their **headphones in their book bag every day**. It is equally important to test the headphones at home to ensure they are working properly and can be used without any technical difficulties during practice and testing.

Thank you for your cooperation and for reinforcing these expectations at home. By working together, we can help our scholars develop responsibility, respect for school materials, and the habits they need to be successful.

We appreciate your continued support and partnership!
